

DEVINE CENTER MOBILITY SCULPTURES
The Devine Knitters group & Daniel Harding, Clemson School of Architecture

Knitters and crocheters meet weekly at St. Julian Devine Community Center to create a colorful, artistic sculpture wrapped in yarn. The knitted piece will be positioned on the lawn of the St. Julian Devine Community Center at 1 Cooper St. and we will encourage interaction with the community-created, life-sized public art piece.

The Devine Knitters meet Monday's at 5:30 in the 3rd Floor of St. Julian Devine Community Center, 1 Cooper Street. All are welcome and all materials are provided.

About AWAKENING: MOTION

AWAKENING: MOTION is a series of public art projects that aims to transform the streets of Charleston's Upper Peninsula by showcasing what's possible when communities unite to create safe, connected, dignified transportation.
