CREATIVE CROSSWALKS

AWAKENING: MOTION is a series of public, community-led art projects in Charleston's Upper Peninsula that aims transform our streets, demonstrating what's possible when you plan for safe, connected, dignified transportation.

Upper King Street is the focus of our artistic crosswalk series. With 14 creative crosswalks designed by 5 local artists, we seek to link people on foot with restaurants, schools, neighborhoods, shops, greenspaces, religious institutions, a library, bicycle and mass transit infrastructure, and a grocery store.

AWAKENING: MOTION programming and wayfinding will further connect the community to these artistic installations.

We have specifically chosen intersections along King Street that are maintained by the City of Charleston rather than the state, in order to demonstrate the mixture of street ownership and the difficulty involved with encouraging the state's Department of Transportation to install infrastructure for people over cars.

Project Total: \$2,500
