

## UNDERPASS LINEAR INSTALLATION (facilitated by) Enough Pie & Susan Kridler

Utilizing painted visuals, lighting and mixed media, a team of artists, builders and community members will create a linear sculpture that will run parallel to a .6 mile portion of the proposed Lowcountry LowLine. The sculpture, which will run between Cypress St. and Romney St., will be visible by those walking and riding a bike and will serve to make this stretch of bike path more inviting. Wayfinding signage from another AWAKENING: MOTION project will be installed nearby to help guide pedestrians and cyclists to nearby community amenities.

Connecting the East & West Sides of the peninsula will weave together the fabric separated by the I-26 Overpass. This portion of the LowLine will also be utilized as a safe passage along the Bridgeview Babies Bikelane, a project to connect Bridgeview Village to Food Lion via a safe a protected bike path.

---

### About AWAKENING: MOTION

AWAKENING is a series of community artwork and public projects in Charleston's Upper Peninsula that aims to dignify mobility through creative solutions so that everyone feels safe and welcome on our streets.
